HERBACEOUS
PLANTS

PETERSON NURSERY

ESTABLISHED 1856

WM. A. PETERSON, Proprietor

CHICAGO, ILLINOIS

City Office, 108 La Salle Street

THIS List is intended principally for mail orders, and prices do not include delivery or planting.

Prices here given do not cover packing in bales or boxes, which will be charged for extra at cost.

Not less than 5 of the same variety at the 10 rate or 25 at the 100 rate.

If customers come to the nursery for stock without ordering in advance, and cannot be supplied from stock at the packing house, a higher price will be charged for the extra expense of sending especially to various parts of the nursery to assemble the order.

Specimen stock, especially selected by customers, will be charged for according to the value of the plants purchased.

Sizes given in this List mean that a shrub 2 feet high, for instance, will be between 2 and 2½ feet, and at least fully 2 feet high.

Shipping Facilities:—A private track on our own property adjoining the C. & N.-W. Ry., in the city switching district, affords cheap transfer service to every railroad entering Chicago. We can also deliver direct to the C. M. & St. P. Ry. All the Express Companies have offices near us.

A certificate of annual inspection by our State Entomologist on every shipment.

We here list only the sizes which admit of baling for shipment. For shipping by box car, or delivery by wagon, we can also supply much larger stock of most of the sorts listed; and we also have in limited quantities many additional varieties.

For information regarding the planting of nursery stock, furnishing surveys, designing landscape plans, or the necessary help in executing the same, address our city office—

108 LA SALLE ST., CHICAGO.

HERBACEOUS COLLECTIONS.

When parties wish a general collection of perennials, and leave the assortment to us, we will give a good selection, including the various colors, heights, and blooming periods, at a uniform price of 15c each, when at least 50 plants are taken. All herbaceous plants are strong roots, of good size, field grown and perfectly hardy.
